

6. Project Testing

Project: COMIC CRAFT – Interactive Comic Story Website

Test Cases

S.No.	Item	Details
1	TC-01	Open index.html
2	TC-02	Click Comics
3	TC-03	Enter search text
4	TC-04	Click Read Story
5	TC-05	Open on mobile width
6	TC-06	Check navigation links

Known Limitations

The current version is a front-end academic prototype. It does not use user authentication, a server database or online content management.

Testing Environment

Recommended: Google Chrome / Microsoft Edge on Windows and a mobile browser for responsive verification.
