

8. Project Demonstration

Project: COMIC CRAFT – Interactive Comic Story Website

Demonstration Flow

S.No.	Item	Details
1	Step 1	Open the Comic Craft index.html page
2	Step 2	Show the hero section and project objective
3	Step 3	Scroll to Comic Library
4	Step 4	Use the search box to filter comic cards
5	Step 5	Click Read Story on a comic
6	Step 6	Show the Story Viewer panels
7	Step 7	Show the Characters section
8	Step 8	Demonstrate the responsive layout

Expected Demonstration Result

The evaluator can understand the project idea, navigate the website, search comic content and open an interactive story without additional software or database setup.

Presentation Tip

Explain the project phase-by-phase using the eight folders and finish with the working website demonstration.
