The challenge

THE CHALLENGE

Present a comic collection in one immersive, easy-to-browse place.

Goal

Discover your collection through an interactive library interface.

Need

A single, easy-to-browse place for the whole comic collection.

Approach

Let people browse, search and filter titles instead of hunting for them.

The idea

THE IDEA

Comic Story: a digital comic library with a cinematic, Marvel-inspired look.

Digital comic library

A website where comic titles are browsed online.

Cinematic look

Dark backgrounds with red and blue glows.

Marvel-inspired

A red, blue and yellow comic palette.

PHASE 1 OF 8 | 1.3

Read, Explore, Collect

READ

Discover your collection through an interactive library interface.

EXPLORE

Filter characters and comic categories.

COLLECT

Save favorite titles directly in your browser.

01

PHASE 1 OF 8 | 1.4

Expected outcome

10

comic titles

8

heroes

1

single HTML file

0

backend needed

What the finished project delivers

- A Marvel-themed digital comic library website built with HTML, CSS and JavaScript
- Search, category filters, detail pop-ups and browser-saved favorites
- A responsive layout for desktop, tablet and phone, with dark and light themes
