# Test cases

| Test                      | Expected result                       | Feature           |
|---------------------------|---------------------------------------|-------------------|
| Search for "iron"         | Only matching titles stay visible     | Live search       |
| Filter: Avengers          | Grid shows only Avengers titles       | Category filter   |
| Open a title              | Pop-up shows category and description | Detail pop-up     |
| Add favorite, then reload | Favorite is still saved               | localStorage      |
| Toggle theme              | Colors switch between dark and light  | Theme toggle      |
| Resize to phone width     | Layout adapts at the breakpoints      | Responsive layout |

## Devices & screen sizes

### Desktop

Check all features at full width.

### Tablet

Check the layout at the responsive breakpoints.

### Phone

Resize to phone width and confirm the layout adapts.

## Issue found & fix

### ISSUE FOUND

Cover images point to local Downloads paths, so they will not load on another device or after upload.

### FIX

Keep images in an images/ folder and use relative paths.
